

4th Cohort Application Requirements

Please read the instructions carefully, making sure that your submission complies with all the requirements.

- The application presentation must contain no more than 15 slides.
- It must cover the following points, in no particular order. You can also include additional information while adhering to the 15-slide limit:
 - Solution description
 - Intended use
 - The patient population being addressed
 - The benefits of your solution for patients, providers, and payers (address both clinical outcomes and healthcare economics)
 - Current status of your solution (use TRL level or terms such as MVP, Alpha/Beta version, pilot, etc.)
 - Milestones reachable within the 9-month program
 - Technical requirements to complete a POC
 - Data access requirements (type of datasets, volume of datasets) to complete the POC
 - TAM, SAM, and SOM (market size)
 - Business model and go-to-market strategy
 - Funding needs for the 18-24 months following the program
 - Regulatory track for the solution
 - Patents filed (If applicable. Please include information and status.)
 - Existing collaborations with providers, strategic players, etc.
 - Founder(s)/team background Information
 - Funding to date (in \$, equity and non-equity)
 - Traction & revenues (if any)

Thank you, and good luck!
